Paving Survey Needed

The street paving and drainage systems of Edmonton have collapsed so completely that the restoration of these to adequacy will require the services of some outside organization skilled and experienced in surveying the needs of down-at-the-heel communities.

The efficiency of civic officials is not necessarily impugned in this demand. But the situation grows so much worse each year that citizens begin to suspect that with so many new factors entering into the picture, extra-urban advice is both advisable and necessary.

What little pavement Edmonton has is broken up into chunks and pot-holes.

Street gutters refuse to carry off spring water with the result that great muddy pools lie in the roadways and overflow the curbs.

Sidewalks are broken and uneven to such an extent that pedestrians run the risk of fractured limbs trying to negotiate them after dark.

Sewer pipes are so ineptly placed and ineffectively protected that many are frozen in early spring causing blockages and basement flooding.

And in a few weeks, when the weather dries, hundreds of tons of dirt derived from unpaved streets and lanes will sift and blow into homes and offices and stores and factories causing hundreds of thousands of dollars worth of damage to household furnishings and business equipment.

Beyond the problem involved in getting obviously essential paving and drainage work done quickly without those interminable delays that seem to occur in Edmonton, there are many questions that demand the attention of experts. For instance:

1. How does the use of buses affect paving requirements?
 2. Does Edmonton's type of soil require anything special in the way of foundation paving?
 3. What can be done to flush downtown sidewalks frequently and efficiently with water instead of mashing them inefficiently with brooms?
- If these and other problems are capable of being met by Edmonton officials, why have they not been met already?
- In 1926 the city of Vancouver brought in the Harland Bartholomew Associates to study these and similar questions. This survey lasted until 1930 and cost \$40,000.

This initial survey was found so satisfactory, economical and money-saving that the same organization was brought back in 1944, at a cost of \$20,000, to correct mistakes that had subsequently been made.

Edmonton desperately needs just such a survey. And no matter what the cost would be of calling in the Bartholomew organization to clean up Edmonton's present mess it would still be good business because nothing is so expensive and extravagant as inefficient public services.

Edmonton has intelligently sought expert advice on the bridge situation. The paving and drainage situation presents a problem that is infinitely more demanding—Editor.

Grierson Mail Muddle Is Further Confused

By Dick Jackson
Edmonton Bulletin Ottawa Bureau

OTTAWA, April 27.—Grierson Estate postal muddle and its champion local MP, Ernest Bertrand, were thrown for another loss Monday by Postmaster General Ernest Bertrand.

Earlier last month Mr. Bertrand received a letter from the postal official that it carried nothing but "the same old paragraph" which had been through the "muddle" since THE BULLETIN had been in its campaign for service several weeks ago.

In his letter Mr. Bertrand reiterated his stand that there must be sidewalks and gravelled roads before letter delivery service was given to the war veterans of Grierson.

KING STAYS SILENT
"The letter," reported Mr. Ashby, "was in reply to our discussion about the problem, and was sent to my home in Alberta."

"Mr. Bertrand doesn't seem to know that parliament is sitting and that I am right here in Ottawa," the fiery MP said.

"If that's the way the department operates it's hard to guess the Grierson veterans will be waiting forever for service."

Ashby reported there was "nary a peep" out of Prime Minister King on the subject.

Earlier this month Mr. King had promised Ashby that he would only look into the situation and "see what could be done."

Ashby is pressing the cause for Grierson, asked why James in the University area and at West Jasper Place (where similar conditions exist) were getting mail service.

Mr. Turnbull, deputy postmaster general, told Ashby it must have been an error.

However, this does not bear weight with the Edmonton MP.

Ashby contends it was no error. Both these districts are in West Edmonton riding, he declared, which is represented by Fish, Minister MacKinnon.

A cabinet minister (MacKinnon) is in a position to "insist" the mails go through, Ashby declared. Not being a party or cabinet member, Ashby cannot insist, he says.

Fleming Honored

PALM, April 27.—(AP)—Sir Alexander Fleming, who discovered penicillin, became the newest member of the distinguished Academic Septuaginta yesterday following his initiation.

ISOLATED FLOOD WATERS RISE VERMILION RIVER RISES 25 FEET

Committee Unanimous For Boost

Recommend to Govt. 25 Per Cent Jump Veteran Pensions

OTTAWA, April 27.—(CP)—The Commons committee on veterans affairs voted unanimously today to recommend a 25-per-cent increase in war pensions after a prominent Liberal member said there were "good prospects" it would be voted by the government.

The government, by votes of 16 to 15, the committee defeated opposition motions for a 15-per-cent increase and for a 25-per-cent increase for a cost-of-living bonus.

The members were made on a bill that includes a government proposal to raise pension for war disabled and widows by 15 per cent and those of dependents 7.5 per cent.

The basic pension for a 100-per-cent single disabled veteran now is \$75 a month.

Veterans Minister Gregg, one of 35 members of the committee, voted against the first two motions, but abstained on the third. The 25-per-cent increase originally came from the Canadian Legion.

The first two votes because of the aid of H. W. Herdridge (Peoples CCF—Kootenay West), the man who moved for the 25-per-cent increase.

COMBINED OPPOSITION
Mr. Herdridge and 15 Liberals defeated an otherwise combined opposition on the 15.3 per cent motion, moved by Col. A. J. Brooks (PC, Royal).

His defeat was followed by a new amendment, moved by T. J. Bennett (CCF, Swift Current), which offered an increase of 25 per cent plus cost-of-living bonus of \$1 for every full point the index rose above 145. That would give \$100 on the basis of today's 150.8 index level.

CAST DECIDING VOTE
When George Chisholm (L, Fraser Valley) did not vote because he couldn't understand it, the vote ended 15 to 15, and Chairman Mal Leslie Muth (L, Winnipeg South) had to cast the deciding vote.

Convict Killers Face Murder Trial
KINGSTON, April 27.—(CP)—Recaptured at gunpoint just four days after a daring escape from Portsmouth and Austin Craft likely will face murder charges for the killing of a prison messenger.

Monday Coldest April 26 Since '07
Little let-up from the cold snap that gripped the Edmonton region over the weekend was expected today, but outlook for Wednesday is for somewhat higher temperatures, weather office officials said today.

Mercury only climbed to 33 Monday, lowest maximum temperature reported on April 26 since 1907.

Estimated high for today is 38, only a few degrees warmer. Tomorrow's forecast for today is 38, only a few degrees warmer. Tomorrow's forecast for today is 38, only a few degrees warmer.

No further snow fell in the Edmonton region overnight, but there inches fell at Whitecourt in the last 24 hours. This brings the two-day snowfall for that region to 12.5 inches.

Model Plane Worth \$4,000

EDMONTON SEES AIRLINER-made of transparent plastic on display in Eaton's. Model, valued at \$4,000, shows interior layout of gigantic "North Star" passenger plane which will go into transcontinental service with Trans-Canada Airlines June 1. Plane carries 40 passengers and crew of six in its pressurized cabin. —Photo by Brand

Egypt Government Denies Its Troops in Holy Land

JERUSALEM, April 27.—(AP)—A competent Arab source said today troops of an Egyptian armored division crossed Palestine's southern frontier at dawn, but Egyptian government sources in Cairo denied it.

A flood of rumors of impending Arab invasion followed in Jerusalem, where chattering machine-guns heralded renewed Arab-Jewish fighting. One of these reports—drawn from a Jewish Agency spokesman—was that Trans-Jordan's parliament had decided to send troops into Palestine immediately.

The report came on the heels of Damascus report that a "Trans-Jordan Arab Legion" had occupied the town of Jericho and was moving into the Dead Sea valley.

This was discounted here since "When their duties are finished," he said, "they will be withdrawn."

Armies of the four Arab states which encircle Palestine are reported ready to invade the Holy Land before the week ends.

TO DEPT. MANDATE
The reports said the forces of Trans-Jordan, Syria, Lebanon and Egypt will launch the thrust in defence of the British mandate, not scheduled to end until May 15, and the United Nations Security Council, which has ordered a ceasefire in Palestine.

(In London, the foreign office announced that Britain will resist any Arab "incursions" into Palestine before the mandate ends.)

Engine Plunges In Creek, One Dead
ROCKHAVEN, Sask., April 27.—(CP)—A 1947 Ford sedan, driven by a brakeman, was killed and a fireman and engineer badly killed today when the car plunged into flooded Stony Creek near here.

W. D. Todd, of Wilkie, Sask., was drowned in the swollen creek and it was believed his body still was trapped inside the engine. Engineer C. J. Mullaly and Fireman W. J. Howard were rescued but badly killed.

Rockhaven is 25 miles west of North Battleford.

MALE "NEW LOOK" ADVOCATED BY MP
LONDON, April 27.—(CP)—A "new look" for men, with a galaxy-colored evening dress and knee breeches, was advocated in a recent BBC "Brains Trust" broadcast by Robert Boothby, Conservative member of Parliament for Aberdeen East.

Later he said: "We should wear gay colors, very large ties. The suiting should be of vivid blue, or purple would be very nice."

"We should wear knee breeches and silk stockings. Looking at us some women don't dream what splendid legs we've got. My own calves? They're exquisite!"

40 Families Homeless
By Monday night more than 40 families of great Winnipeg had been driven from their homes.

City officials there said that as matters now stand there was little likelihood that the flood crisis of the Red and Assiniboine might collide at the junction of the streams here as has been feared.

Dr. Harvey Doney, national director of first aid for the Canadian Red Cross Society, arrived in Winnipeg Monday night to view relief efforts at first hand.

Dr. Doney said the purpose of his mission was to study the flood situation, confer with relief officials, offer any personal assistance and place the emergency request on the Society at the disposal of the flood-disaster officials if such is necessary.

Railway officials in the three provinces are battling waters in scores of places and emergency crews have been pressed into around-the-clock shifts in an effort to keep trains moving.

Scores of communities in the west are isolated, with no means of transportation being by boat.

An emergency meeting of the west's provincial premiers was called in Winnipeg Monday and resulted in the formation of a flood-combat committee, headed by Premier J. S. McLeod, to set up a flood-combat defence.

Cup Contest in Regina Recalls Game in 1937

By Stan Mohr
Bulletin Sports Editor

REGINA, April 27.—It's 11 years since an Edmonton team played an Allan cup contest in Regina's Queen City Gardens. In the spring of 1937 the Dominion of the Allan cup, capital Regina, and Frank Joulson's North Battleford squared in the far-west play-offs.

First game was played at Calgary with North Battleford scoring 4-2. Then the second moved to Regina for the second round. "Let's" Grove and the rest of the Dominion were going to forget what went on in that contest. Final score was 3-2 with Joulson's North Battleford scoring no goal in the final.

INSULT TO INJURY
To add insult to injury Grove scored his first hat-trick for North Battleford's 13th goal.

"I guess we were having so little success at the other end that I just decided to put that cup in somewhere," Grove remarked. "I was in an Allan Cup when I reached here Tuesday morning."

He picked up the Edmontonians at Calgary late Monday, came on to Regina and met with the west's representatives in the cup finale.

His pretty sure Flyers are going to make a much better showing in the Allan Cup than they did the Dominion of 11 years ago.

SO EVERYONE ELSE
For that matter so is everyone else connected with the team which has won 15 times in 19 years, since hitting the play-off trail early last month. All over the west this is looked upon as Edmonton's big opportunity to finally crack the Allan Cup since Flyers in the first game of the series has persisted for so many seasons.

In Calgary, for instance, the hockey fanatics were offering 2-1 odds on Flyers to count a series triumph over Ottawa Senators, the Eastern kings.

The Western Canada league champions scheduled a practice in city's hockey arenas for Tuesday afternoon.

WINNIPEG, April 27.—(CP)—Ot-lawa Senators, with 21 games of hockey under their belts in 42 days of playoff competition, stopped here today on route to Regina, where tomorrow night they meet the Montreal Canadiens in the first game of a best-of-seven series for the Allan Cup.

Senators said they know nothing about the Flyers, but considered them just another team—the last in a series that has lasted more than 10 years.

No Gigantic Arms Plan for Canada

Nothing Comparable to U.S. Defence Program in Sight

By Douglas How
OTTAWA, April 27.—(CP)—There is little indication in Ottawa that the government is prepared to embark on a defence preparedness program even remotely comparable to the \$19,000,000,000 effort launched by the United States.

One inkling was dropped more than a month ago that the administration viewed the international situation in a light that made it advisable to check up on the national abilities to wage war.

Defence Minister Claxton, answering a Commons question, said on "April 23" that "several weeks ago I issued instructions that all steps for the disposal of naval, military and air properties which have been declared surplus should be suspended while the matter was being considered."

ADVISORY BOARD
He said yesterday that that situation had not changed.

Meanwhile, there have also been reports that some air training surpluses already disposed of have been or will be reclaimed.

Another development recently was the establishment of an industrial defence advisory board that is charged with advising the government on the country's war potential and with having the duty ready to swing over to a war footing with the least possible delay.

Packer Profits Based On What Rivals Permit

OTTAWA, April 27.—(CP)—Profits in the packing industry are largely based on costs and "whatever" competitors allow us to take" the special prices committee was told yesterday.

The committee derived its information from officials of Swift Canadian Co., Ltd., in the course of 30 minutes of questioning by counsel H. A. Dyde and Jean Levesque. (L.—Montgomery.)

Who were seeking information on the way meat prices are established.

The company officials, led by President A. E. Millard, emphasized the cost factor. The explanation did not entirely satisfy either Dyde or Levesque.

\$300,000 PROFIT
After this phase of the probe had continued for an hour, R. E. Swan, general supervisor of beef operations, said:

"We take whatever our competitors allow us to take."

"Competition wouldn't allow us to take an exorbitant profit," Millard interposed.

Levesque pointed out that the company's statements showed it made \$300,000 on meat last November after selling prices were removed and asked:

"Didn't you think of letting the company benefit by a cent or two?"

"We sell our beef at the market price. We don't get any more than the competition allows," Millard answered.

INCREASED HOLDINGS
Discussing the increase in the company's holdings of frozen meat early this year, Millard explained:

"The only reason was that we

NO GUARANTEE SAFE DELIVERY PALESTINE MAIL

OTTAWA, April 27.—(CP)—Deputy Postmaster-General W. J. Turnbull said yesterday that conditions in Palestine make it impossible to guarantee the safe conduct of letters addressed to civilians.

Following previous announcements discounting other forms of safe-conduct delivery, Turnbull said that the registered letter service to civilians in Palestine has been suspended. Only service remaining is ordinary mail which is not guaranteed.

The multi-billion dollar U.S. program, featuring more and more air power, has had an obvious impact on men close to Canadian defence preparations—with their \$24,000,000 budget and their 1,000,000 troops that would be little more than a nucleus in the event of war.

Million Dollar Bank Robbery

TEL. AVIV, April 27.—(AP)—Heavily-armed youths who said they were members of the Jewish underground Stern Group pulled a \$1,000,000 daylight bank robbery today under the eyes of Hagana guards.

The youths, just after dawn, visited the homes of all directors and cashiers of Bank Leumi. At gunpoint they took the match-box keys needed to open vaults. Some of the bank officials were beaten to make them surrender the keys.

Just after the bank opened, two of the group, wearing military police armbands, asked admittance to inspect the armed guard kept by Hagana, the Jewish militia, because of the wave of recent robberies by dissident underground groups.

When the doors opened, a larger group of youths rushed up. They disarmed the guards, herded the employees into one room, and opened the vaults with the matched keys. They escaped in two waiting taxis with \$250,000 in cash and negotiable bank securities.

Treaty Ratified

LONDON, April 27.—(AP)—Tans News Agency said today in a Helsinki dispatch that a trade treaty between Finland and Russia has been ratified.

because the retailer won't pay us more than he can get it for somewhere else."

Dyde was still seeking explanation of the Dec. 31 price increase when the committee rose. The Swift officials will reappear today.

RAILWAY TO ALASKA VITAL DEFENCE NEED

VICTORIA, April 27.—(CP)—Maj.-Gen. F. F. Worthington, former officer commanding the Canadian Army's Northwest Command, said today "Alaska is the Achilles' Heel of the North American continent."

He told the Pacific Northwest Trade Association, in convention here, that the construction of a railway to Alaska is essential for defence of the north.

"Who holds Alaska, holds a pistol at the head of this continent," he said. "Canada in the past has met her enemies on foreign soil. Today the position has changed. We have 4,000 miles of a very vulnerable frontier."

Alaska almost touches the Asiatic continent . . . I have not mentioned any potential enemy, but you know what I am talking about."

Iraq To Support Holy Land Arabs

BAGHDAD, April 27.—(Reuters)—Iraq has agreed to full military co-operation to save the Arabs in Palestine, sources stated today.

It was reported that regular armies of the Arab League members would start a general attack in Palestine "soon."

Iraq army and air force movements are to be kept secret for the present, it was stated.

LAKE SUCCESS, April 27.—(CP)—The Jewish Agency today demanded firm action by the United Nations to halt an invasion of Palestine by regular armies of Trans-Jordan and other Arab countries.

The agency also warned the UN that the Jews of Palestine themselves were "making every possible preparation to meet the next phase of the onslaught with our own forces."

Three Workmen Killed In Cave-In At Mimico, Ont.

MIMICO, Ont., April 27.—(CP)—Three workmen were killed today when a mound of earth caved in on them as they were working on excavation of a storm sewer.

The cave-in occurred just before 10 a.m. CDT and a short distance from Toronto's western boundary.

A large power shovel was used to remove the 20 feet of heavy mud that toppled over on the men. They were reached at 10:30 a.m. and were reported dead at 10:15.

EPIDEMICS IN INDIA
CALCUTTA, April 27.—(Reuters)—Cholera, smallpox and bubonic plague are rampant in this city of 4,000,000 people. Up to last week there had been 4,368 deaths from smallpox and 966 from cholera since last June.

Civil Aviation Officer Is Dead
OTTAWA, April 27.—(CP)—G. T. M. Stephens, 54, inspector of the air regulations section, of the transport department's civil aviation division, died in hospital here Sunday night after a brief illness. He joined the transport department in 1939 and served in Ottawa and Edmonton.

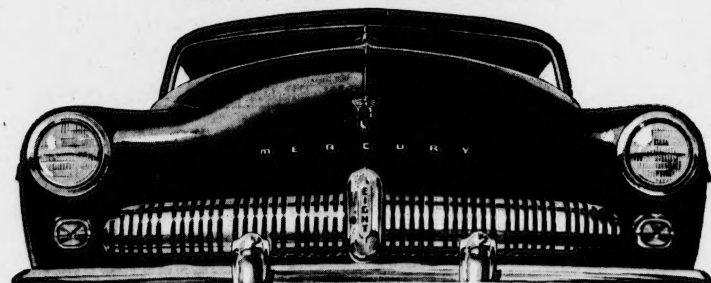

THURSDAY the 1949 MERCURY

will be on display at MERCURY and LINCOLN DEALERS

At gala premieres from coast to coast, you'll see the all-new 1949 Mercury for the first time. It's not just a new model—it's an all-new car. It moves up into an entirely new class. You'll thrill to its advanced, massive styling . . . its eye-catching smartness . . . its true functional beauty. You'll revel in its increased size, increased power and increased weight. You'll enjoy its all-new comfort, riding luxury and interior appointments. You'll admire its wide, low lines, its extra roominess. No matter what plans you have for your next automobile — see the all-new Mercury. You'll be glad you did.

There are many more advancements—too many to mention them all. This all-new Mercury is truly "all-new"—every inch and every pound.

BE SURE TO SEE IT!

Joint U.S.-Canadian Rail Line to Alaska Proposed

VICTORIA, April 27.—(CP)—A joint U.S.-Canadian Alaska railway was advocated yesterday before the 19th general conference of the Northwest Trade Association.

Several speakers spoke in support of a railway to meet the defence needs of the United States and Canada. It was reported that President Truman has approved a plan for construction of an Alaska railway, and it was assumed the plan call for inclusion of British Columbia's Pacific Great Eastern railway.

M. Decker of Seattle said there was no question the railway was vital to the defence of the Pacific Northwest. It would also aid materially in the industrial development of the country.

He suggested a resolution be sent to Washington asking for a rail route such as that surveyed by the U.S. Army in 1942. At that time, the Army considered extension of the

the PG&E to Alaska for defence of the West Coast against the Japanese.

VALUE TO INDUSTRY
A Seattle engineer was called to Washington to aid in drafting legislation for the railway, expected to be a joint U.S.-Canada defence project.

Speakers also stressed the value a rail line would have in the expansion of Alaska's industry which is vitally important to the Pacific northwest.

Earlier, C. B. Lindeman of Seattle, retiring president, said the association should back a line north from Prince George, B.C., along the original U.S. Army survey. He warned that the Pacific Northwest might be bypassed by military plans for a railway to parallel the present Alaska Highway, access to which is from Edmonton.

John P. Kiley, of Seattle, western vice-president of the Milwaukee Road, was elected to succeed Lindeman as association president.

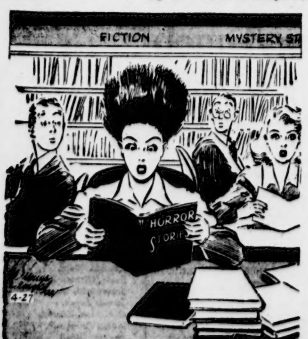

OLYMPIA, Wash., May 27.—(AP)—Governor Wallgren said yesterday that he knows of no approval by President Truman of plans for construction of a railroad to Alaska.

Earlier in the day F. D. Hagare, vice-president and general manager of the Seattle Chamber of Commerce, told a meeting of the Pacific Northwest Trade Association in Victoria, that Truman's approval was contained in a letter sent Governor Wallgren.

Wallgren said Hagare apparently had been talking to several persons about the proposed railroad and got the governor confused with someone else.

"The president often has expressed interest in developing Alaska and recognizes its importance from a defence standpoint," said Wallgren, a personal friend of the president.

"But as far as I know," he continued, "the Army has not made provisions in its budget for an Alaskan railroad."

FICTION MYSTERY

Removing a Grave Injustice

The department of veterans affairs ends a serious injustice with the announcement that with the beginning of the next university term all restrictions on outside earnings by student-veterans and their wives will be abolished.

Veterans who wished to take university or pre-university training have had their tuition and other fees paid for them by the federal government. In addition, they have received an allowance of \$60 a month, with a special allowance for their dependents, provided they enrolled for such training within 15 months of their discharge from the armed forces.

At the end of 1946, a total of 48,985 veterans had taken advantage of this arrangement. The University of Alberta had 3,755 of these.

By 1947 the number of Canadian veterans actually taking training under this plan was 40,143.

Veterans and their wives receiving this assistance were entitled to earn money up to the sum of \$75 a month. If they earned more than \$75 a month, their allowances were cut accordingly.

It is this restriction on outside earning that is now abolished. And it is about time.

The amount saved by the government on this earnings restriction was infinitesimal. The money done by the restriction could be and was immense.

In the first place, it arbitrarily limited the incomes of capable men to a pretty finely-drawn figure in these days of high prices.

In the second place, it put the brake on the productive capacity of ambitious and enterprising young men in a manner that could only have a bad psychological effect.

There is no surer way to curb ambition than to limit its earning power.

LETTERS TO THE EDITOR

Let the Duke Play Drums

Editor, Bulletin.—Referring to your recent editorial on the Duke of Windsor, I am writing to you to express my disappointment. The Duke of Windsor played the drums—so what? It seems a pity that a king or a president cannot play drums, harp or a piano if he so chooses—included or otherwise. Such a narrow and biased opinion is hardly representative of Canadian thought—even the most self-righteous Canadian thought. Aren't we adopting a "holier than thou" attitude to presume that a king or a duke cannot play a drum or a piano?

The plan is no longer experimental. It is actually saving lives. The death rates for Canada in 1947 were 19.7; Manitoba, 22.1; Saskatchewan, 22.4; Alberta, 24.1; British Columbia, 19.9.

During 1947, there were 7.7 deaths in Edmonton per thousand of population. The death rates for Canada in 1947 were 19.7; Manitoba, 22.1; Saskatchewan, 22.4; Alberta, 24.1; British Columbia, 19.9.

Only one province in Canada, Saskatchewan with 7.6, has a lower death rate than the city of Edmonton.

11300 129 St.

TECHNOLOGY AND PRODUCTION

Editor, Bulletin.—Technology is a symbol of our age. It is a symbol of progress and a symbol of the future. It is a symbol of the human mind and the human hand. It is a symbol of the human spirit and the human soul.

Technology is a symbol of our age. It is a symbol of progress and a symbol of the future. It is a symbol of the human mind and the human hand. It is a symbol of the human spirit and the human soul.

What is it to be "Kingly"?

There have been many conceptions of kingship. The king is a symbol of power and a symbol of authority. The king is a symbol of the human mind and the human hand. The king is a symbol of the human spirit and the human soul.

The king is a symbol of power and a symbol of authority. The king is a symbol of the human mind and the human hand. The king is a symbol of the human spirit and the human soul.

The king is a symbol of power and a symbol of authority. The king is a symbol of the human mind and the human hand. The king is a symbol of the human spirit and the human soul.

Signs Instead Of Gateways

Developing West Jasper Place

West Jasper Place has asked the municipal district of the West Plains, which administers its affairs, to guarantee that 85 per cent of the taxes collected in West Jasper Place be spent in that community.

It is a reasonable request and will probably be received sympathetically by the West Plains district.

This district, with a present population of 10,000 and all signs of further healthy growth, has rapidly taken on an urban complexion. Its problems are urban. Its thinking is urban. And it has a right to demand public services compatible with an urban standard.

All this requires the initial expenditure of considerable sums.

It is unthinkable that the service should be curtailed.

But if it is to be maintained, another 3,000 donors must be found.

The success that has attended the operation of this system is the strongest inducement for potential donors to volunteer.

The plan is no longer experimental. It is actually saving lives.

The death rates for Canada in 1947 were 19.7; Manitoba, 22.1; Saskatchewan, 22.4; Alberta, 24.1; British Columbia, 19.9.

During 1947, there were 7.7 deaths in Edmonton per thousand of population. The death rates for Canada in 1947 were 19.7; Manitoba, 22.1; Saskatchewan, 22.4; Alberta, 24.1; British Columbia, 19.9.

Only one province in Canada, Saskatchewan with 7.6, has a lower death rate than the city of Edmonton.

11300 129 St.

TECHNOLOGY AND PRODUCTION

Editor, Bulletin.—Technology is a symbol of our age. It is a symbol of progress and a symbol of the future. It is a symbol of the human mind and the human hand. It is a symbol of the human spirit and the human soul.

6,138 Alberta Vets Assisted By Land Act

Assistance for the establishment of 6,138 veterans on farms and small holdings in Alberta under the Veteran's Land Act have been approved up to the end of March, 1948, officials of VLA here said today.

BLOOD DONOR CLINIC Y'KNIFE

Edmonton's Red Cross Blood Donor Clinic staff will fly to Yellowknife Monday.

They will hold a clinic there Tuesday.

Regular Monday night clinics held in Edmonton this week set a new record when 164 donors turned out.

It was the largest single night since the free blood transfusion service started.

Other clinics to be held in country points this week will be handicapped by road conditions it is believed.

Miners Vote For Agent

Voting to determine a bargaining agent for miners at the Star-Kemp mine is being held today at polls in the Provincial Building and at the mine.

Building is taking place at the Provincial Building poll between 1 and 3 p.m. and at the mine between 4 and 5.

Members of the J. B. Starky Employees Welfare Association, formed recently, have announced they intend legality of votes of striking miners, if the bargaining agent is chosen.

A spokesman for the association said today that if striking miners ballot are in the majority they will contest these votes in the supreme court.

A recent decision of the Alberta appeal court granted voting rights to striking members of the United Mine Workers of America.

The Starky Employees Welfare Association recently made application to become certified as bargaining agents with the mine employees.

More than 100 members of the Edmonton city police force paid tribute to a gallant comrade today.

At a funeral service held for Sgt. Neilson, the body was taken to the home of his mother, Mrs. M. Neilson, at 1001 St. James St. N.

Every member of the uniformed force that could be spared, 90 in all, marched from the Masonic Temple to the services in Foster and McGee funeral parlors.

Chief Const. Reginald James and Deputy Chief Alex. Riddell headed a procession to the cemetery after the funeral service.

Sgt. Neilson died suddenly Friday after 35 years of service on the Edmonton force.

High tribute to the sterling qualities of Sgt. Neilson was paid by Rev. T. W. Maackert, who officiated at the service.

Six fellow-sergeants were pallbearers. Sergeants James Newell, John Irvine, Robert Robertson, A. Lytle, J. A. Keating and C. Halliday.

LOSING SLEEP?

When you suffer from Loss Sleep, Backache, Headaches, or getting up early in the morning, you know you are losing sleep. You need a good night's sleep. You need a good night's sleep. You need a good night's sleep.

MODERATION

... THE WISDOM OF MATURITY

True, we are a young country. In less than a century we have risen from colonial youth to nationhood of a stature enjoyed by no other people of our numbers.

Canada has earned

this. Through the years we have kept our sense of values... been moderate in our pleasures... moderate in our thinking.

Today, we continue to bear

ourselves with the self-respect of a moderate people. We are moderate in our spending, in our thinking... moderate in our pleasures... moderate in all things.

We are young, yes. But we have come of age,

for moderation is the wisdom of maturity.

Men who Think of Tomorrow
Practice Moderation Today!

THE HOUSE OF SEAGRAM

Housewives' Assn. Register Protest Government Action Complete Negation Democratic Rights

Vigorous protest against what it terms the high-handed and undemocratic action of the Canadian government in refusing to meet the Roll Back Prices delegation in Ottawa was contained in a resolution passed at a meeting Monday night.

The meeting was held under the sponsorship of the Edmonton Branch of the United Housewives' of Alberta in the Bissell Institute.

According to the resolution, the refusal of the government to meet the delegation is considered a complete negation of democratic rights.

The delegation, numbering about 300 representatives from across Canada was refused audience by Finance Minister Douglas Abbott when it sought a hearing on the Roll Back Prices signatures calling for the restoration of commodity prices to January 1946 levels and the re-institution of subsidies where necessary.

Abbott refused to hear the delegation on the grounds they had nothing new to offer and were Communist influenced.

Reporting on the delegation, Mrs. G. Uendale, delegate of the Edmonton branch of the U.H.A., stated that farmers, league branches, home and school associations, 102 French Canadian groups, city council, mayors, and church and consumer groups, were represented in the delegation.

She stated that the terms used by Mr. Abbott were employed to belittle the real issue of price controls and subsidies. Members of parliament interviewed, Mrs. Uendale reported, were almost unanimous in stating that the delegation should have been given a hearing.

Playing Opener in Regina Caddens Hearts of Flyers

Queen City Gardens
Lucky Against Caps

By Stan Mohr
Bulletin Sports Editor

CALGARY, April 27.—Edmonton Flyers headed for Regina late Monday and the prospect of opening the Allan Cup finals in Queen City Gardens was right down their alley.

The Edmontonians remember it was a 3-2 triumph scored at the expense of Regina Caps in the opening game of the Western Canada League playoffs that proved the springboard for what has been a long series of playoff successes.

If history repeats itself come Wednesday night when they go in against Ottawa Senators in the opening game of the Allan Cup finals it will represent so much more.

Games two and three are scheduled for the arena back in Edmonton. A win in Regina for the Flyers might wind up playing as many as four games in their own city (if the series should go the limit) naturally isn't cause for much gloom in the camp of the Edmonton club.

The more superstitious members of the club see it as a sign of the omen that this is Edmonton's year. Also the fact that Senators last night, without a doubt, and Ray Kinsman, seems to suggest well for Flyers' chances.

FOUR HOME GAMES

Change of arrangements by which Flyers might wind up playing as many as four games in their own city (if the series should go the limit) naturally isn't cause for much gloom in the camp of the Edmonton club.

Except for substitute net-minder Jack Manson, who had to return to Edmonton due to business commitments, all who picked camp here early Saturday were headed for Regina when the train pulled out at 8:40 o'clock.

Trainer Doug Hardy appeared to be without a worry in the world despite the fact that the practice session scheduled in Victoria Arena had been anything but Sunday school affairs. Of course Gordon Watt sprained ankle and all was still a bit of a concern for the Flyers captain had packed the injury into Calgary with him it wasn't a new development.

WATT TO PLAY?

No one can say whether or not Watt will be in the lineup for the opener. Coach Currier inferred Monday he would keep his steady going defenseman on the sidelines if it meant bending by one of the three who have been carrying on so well since Watt suffered his setback—"Pug" Young and "Bud" MacPherson and Doug Laine.

What the Flyers mentor hopes to do is reach an agreement with Coach Boucher of the Easterners whereby each team will dress 14 men. In this case Watt will be in uniform even though he isn't likely to see much action.

The team will reach Regina early Tuesday and take up headquarters at the Saskatchewan Hotel. An afternoon workout has been arranged for with Joe Dukowski, manager of Queen City Gardens.

Cricket Schedule

Following is the schedule of the Edmonton Cricket League.
May 1—Edmonton vs. Regina
May 2—Edmonton vs. Regina
May 3—Edmonton vs. Regina
May 4—Edmonton vs. Regina
May 5—Edmonton vs. Regina
May 6—Edmonton vs. Regina

"OLD" BALL GAFFERS STILL STEALING SHOW

By Whitney Martin

NEW YORK, April 27.—(AP)—Maybe someone should tell these old gaffers that baseball is a young man's game.

The box scores to date have been filled with pre-war stock, some of it quite a bit pre-war, and what's more, the fellows in this aged-in-the-world class have been stealing the headlines more than a little.

Here are a few of the headlines.
"Fletcher paces Braves in victory."
"Huddle wins for Blue."
"Vaughan hits two homers for Bums."

"Diaz hits 425-foot home run as Yanks lose."
"Ducks beats White Sox."
"Nicholson homers for Cubs."
"Mize gets first out of year."

There are many more in which the names of the old guys predominate, but that gives you an idea. The youngsters may be good and may have springs in their feet, but the oldsters have cracks in their joints, but the old man have what it takes in the clubhouse.

Naturally, we're speaking of old in a baseball sense. Joe DiMaggio, for instance, is only 35, but he has been playing major league baseball since 1936, which puts him a little on the antique side when you compare him with the young scrubs.

STILL STEALING SHOW

It is heartening at that to find so many of these elderly gents still stealing the show. When the war came along it was predicted that the oldsters would be out of the game.

Sept. 11—Marquette vs. St. Lawrence
Sept. 12—Edmonton vs. Regina
Sept. 13—Edmonton vs. Regina

BILLY MAHER baffles Al Rollins with a well executed play in a practice session at Calgary's Victoria arena before Edmonton Flyers carried the rather Monday evening for Regina where they open the Allan Cup series with Ottawa Senators Wednesday night. CAHA Might Consider NHL Plan in Future

By Vic Morris, Jr.

TORONTO, April 27.—(CP)—Efforts by the National Hockey League to have the Canadian Amateur Hockey Association adopt a team-player contract plan were rejected temporarily at Monday's session of the association's annual meeting.

The plan, drafted by President Clarence Campbell of the NHL, was not put before the delegates for a vote but was turned down by a special contract committee with the reservation that it "might be considered in the future."

The plan would have eliminated the \$10,000 paid annually to the CAHA by the NHL, in return for a straight cash deal for senior amateur players turning professional. The NHL offered to pay amateur teams \$5,000 for each player while the American Hockey League would have added \$3,500.

FURTHER EXPLORATION
Association President Al Picard announced that the plan would be "tabled for further exploration" for the recommendation of the committee.

Campbell, who did not attend Monday's session, said that the action of the CAHA in rejecting the proposal "would not affect existing agreements between the NHL and the CAHA."

Last January at the semi-annual meeting of the CAHA, in Regina, President George Peizer of the Amateur Hockey Association proposed that contracts binding senior and junior A players be placed in force. As a result of his proposal the CAHA took in consideration the situation was further complicated last month when William Northern of Montreal, CAHA life member, proposed that the word "amateur" be deleted from the name of the organization and the Allan Memorial Cup be retained from competition.

PROPOSAL REJECTED
Northern's proposal was rejected by the committee which reported:

"The situation was further complicated last month when William Northern of Montreal, CAHA life member, proposed that the word 'amateur' be deleted from the name of the organization and the Allan Memorial Cup be retained from competition."

"The situation was further complicated last month when William Northern of Montreal, CAHA life member, proposed that the word 'amateur' be deleted from the name of the organization and the Allan Memorial Cup be retained from competition."

Campaign Started For Bobby Locke

RICHMOND, Va., April 27.—(AP)—Golf stars Jimmy Demaret and Lloyd Mangrum Monday opened a campaign to make South Africa's Bobby Locke eligible for the forthcoming Professional Golfers' Association tournament.

Demaret of Ojai, Calif., and Mangrum of Chicago, said they didn't like the "attitude" of the PGA in barring Locke from the St. Louis event May 19-25.

Said Demaret:
"Bobby Locke is a visitor in our country and has helped our business. He doesn't belong in the PGA because he's not an American. Because he doesn't belong, the PGA is ruling he's ineligible to participate in its tournament."

Mangrum asserted that Locke had made an "indelible impression on American golf."

As long as he's a visitor here, it isn't fair not to let him play," he said. "The PGA officials could make Locke an honorary member of the association as long as he remains in the United States."

Locke is presently awaiting the winner of the Western Canada Amateur tournament in Regina, Saskatchewan, which will be held May 1-5.

YOUTH must be served—particularly food, and not necessarily on a platter.

Community League championship hockey teams sat almost silently through an interesting program of singing and stage acts, and hooted a little when their captains were taken to the front to receive trophies.

But while all this amusement was going on, they had 81 cent eyes on the kitchen, where hot-dog buns were piled high and a big pot of water was ready to cook the wieners.

When the program ended, however, they forgot what they had seen, and they forgot their wieners, and they forgot their wieners.

Previously they had heard from Tommie K. Barnes, tenor, William Hamilton, baritone, W. Angus and Pianist P. Delicate. And they saw Gerry Delane give a creditable performance of magic on the stage.

Ken Lewis, past president of the Federation of Community Leagues, was master of ceremonies, and Jim Radstak, area convener, and Jim Radstak, area convener, and Jim Radstak, area convener.

Needless to say the pot was soon emptied and the pop was all gone, but they had full tummies when they headed home to bed.

Officially commencing: "Guests even sent is secondary to food for a batch of healthy wieners."

Belter, McGill Sign Eskimo Ball Contracts

JACK McGill, who recently returned to Edmonton after another successful season of puck-chasing with Hershey Bears of the American Hockey League, and Ed "Lefty" Belter will again line up with Edmonton Eskimos of the Inter-City Baseball League this season.

Announcement that the two star players performed had signed on the dotted line came from sponsor Brand Mathews Monday night.

Both will return to their old positions. Belter figures there across the pan, and McGill guarding the right field groove.

Two baseball films including the World Series of 1947, compliments of John Dwyer and John Beatty, ball promoters, will be shown to Junior players and their friends Friday evening in the Recreation Building. Early showing will start around 6.

The powerful Toronto aggregation, a combination of last year's Blainy Beaches and Indians, will play single games at Winnipeg, Regina and Calgary.

Dates probably will be released over Kid Garry, scheduled 14th, Buxton weighed 145. The Brooklyn boy, landing effectively with his stout fist hand, won a unanimous verdict.

Austin was a last minute substitute for the ailing Dave Andrews of Lowell, Mass.

SHOPPING GUIDE

Limoges China Back After Long Absence

By Eric Thrift

Richly patterned Limoges china has always been the answer to a happy hostess' prayer.

Manufactured in France, it has only recently reappeared after war-time seclusion.

Canadian housewives who pinched their pennies all during the war years—and wanted to splurge on a gracious new dinner set—were horrified to see the price range for Limoges world-famous china.

But Edmonton women are especially lucky this week to have a sale of Limoges dinnerware in one of the department stores.

Tremendous reductions in price of a service for 12 will be a boon to budget-poor dinner-set holders who have their hearts set on Limoges.

Happily find in these days of austerity prices a reduction in fresh raspberries from 40c to 35c for a 16-ounce cup.

Groceries (limoges)—results: get more at less cost.

We're not complaining. As a matter of fact I think I'll just go home to make a raspberry short cake for dinner—as a little pleasant surprise for the family.

They say April rains bring May flowers but what does April snow do?

Any gardeners—what I want to know is whether you can buy gladiolus bulbs—12 for 75c. If you only want half a dozen you'll have to pay 35c anyway.

Melt-in-your-mouth goodness to nibble with your before-dinner cocktail are these cheese delights: Buy a package of cereal and add 1/4 lb. of cheese. Spread them with cream cheese and eat with a spoon. Or, 1/4 lb. of cheese, spread with cream cheese and eat with a spoon.

Household Arts

By Alice Brooks

The height of household fashion: Wild-rice embroidery in an easy-to-design, dust-crochet, inset to match. For towels, pillowcases, scarves.

Varied needlework. Pattern 7143 has transfer of 6 motifs 4 1/2 x 3 1/2 inches, crocheted design. Our improved pattern—visual with easy-to-read charts and photos, and complete directions—makes needlework easy.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted). To The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto, 1, Canada. Please allow week or 10 days for delivery.

Rt. Hon. Francis M. Forde Guest of Honor at Luncheons

His Honor Lt.-Gov. J. C. Bowen entertained at luncheon Monday at the Edmonton Club in honor of The Rt. Hon. Francis M. Forde, High Commissioner from Australia to Canada.

Mr. Forde will address a joint meeting of the Men's Canadian Club of Edmonton and the Gyro Club of Edmonton at the Macdonald hotel Tuesday noon.

Jerry Gorham Entertained at Pre-Nuptial Showers

Many housewives here entertained in honor of Jerry Gorham whose marriage to John Grant Gunderson will take place May 1.

In compliment to the bride-elect Lucy Carter and Ruth Stavenow entertained at a tea towel shower, when 12 guests were present.

Mary Douglas was a recent tea hostess, entertaining in Miss Gorham's honor. On another occasion Margaret Leask entertained 20 guests at a personal shower at her home in the bride-to-be's honor. Gifts were presented in a decorated umbrella.

Members of the staff of the Correspondence School Branch entertained recently at the Embassy Room in honor of Miss Gorham. She was presented with a breakfast set and crystal.

Vivian Ball and Dorothy Marr entertained at a miscellaneous shower at Miss Ball's home Monday evening. Complimenting Miss Gorham Mrs. Walter Swingle will entertain at a miscellaneous shower Tuesday evening.

Friday Bride-Elect Honored at Trousseau Tea

Breath-of-spring carnations and stalks decorated the home of Mrs. H. T. Howard recently when she entertained at a trousseau tea in honor of her niece Rhoda Lawrence.

Miss Lawrence is a bride-elect of Friday, when her marriage to Philip Crawford will take place.

To receive the 65 guests who called, Mrs. Howard wore a black figured afternoon dress with a corsage of white carnations.

Mrs. Crawford, who also received, wore a black sheer afternoon frock with a red carnation corsage.

Bride-elect wore a blue jersey print dress complemented by a corsage of pink carnations.

Tea table was set with an ecru lace cloth and centred by a silver bowl of stalks and carnations. Tall pink tapers flanked the centerpiece.

Mrs. Drury Addresses Canadian Club

Mrs. H. A. K. Drury of Ottawa was guest speaker at a luncheon meeting of the Women's Canadian Club of Edmonton at the Macdonald hotel Tuesday at 12:30 p.m.

First Inter-American Congress of Women and "Glimpses of Guatemala" were her subjects. Mrs. Drury has recently returned from Guatemala where she attended the Congress as Canadian delegate. Her talk to the Canadian Club was the 45th in a series she is presenting across Canada.

Mrs. J. E. Carmichael, president of the club introduced Mrs. Drury. Other head table guests were Mrs. Gordon Simulion, past president, Mrs. G. M. Cormie, executive, Mrs. W. G. Stuart, pianist, and Margery W. MacKenzie, president of the Edmonton Community Theatre.

Tea and Home Craft Display Planned

A sale of home-cooking and needlework will be held by the Eight Scout and Cub Mothers' Association in the Highlands United Club Wednesday from 2:30 to 5:30 p.m.

Mrs. A. E. Collett is in charge of the tea table, assisted by Mrs. S. Taylor, Mrs. W. Jones and Mrs. J. Powell.

Presiding at the tea will be Mrs. T. R. Davies, Mrs. W. T. Elkin, Mrs. W. Jones and Mrs. H. Small. Mrs. W. Loshie, Mrs. J. Peacock, Mrs. J. K. Cowan, Mrs. H. Stuenkel, and Mrs. J. Macgregor.

In charge of the home-cooking sale will be Mrs. C. Howard and Mrs. W. Mayes, while Mrs. G. Audley and Mrs. R. E. Young will be in charge of the needlework sale.

In compliment to Kay Schell, a recent bride, Mrs. Gordon Clark, entertained 15 guests at a miscellaneous shower recently. Gifts were presented to the bride-elect in a decorated basket.

Among those present were Mrs. Thelma Greiner, Mrs. Mary McCarty, Frances Lovette, Jeanette Dupont and Theresa Tibault.

Mrs. Gerald Gordon and her twin sons, Kenneth and Gregory, left Edmonton Monday evening for Mrs. Purkin.

Mrs. Davis is the former Evelyn Purkin.

Alpine Club Holds Party

Harriet Inaker, chairman of the Edmonton section of the Alpine Club of Canada, presided at a recent dinner at the Corona hotel. About 100 guests, including eight members from Calgary, attended the affair.

Toasts to the Alpine Club and sister sections was proposed by Neville Lindsay, K.C. with Dr. A. D. MacPherson replying in his remarks. Dr. MacPherson referred to him with hospitality extended to him while overseas by the Alpine Club.

Congratulatory messages from the honorary president, Dr. J. Sampson and Sidney H. Vallance were read by Frank Hollingsworth. Solists during the evening were William Smith, while Don Campbell led a song.

Sylvia Evans spoke of the 1948 ski camp held at Glacier, B.C. during March and April. She showed colored moving pictures of mountain climbing. Dr. B. T. Puddecombe spoke of a walking tour in the Swiss Alps, illustrating his talk with slides.

Major Rex Gibson was presented the United States Photographic Cup for his winning slide "Top of the World." Dr. H. E. Butley made the presentation.

Edmonton's Smart Store

Jean Doris Archibald Marries Frank Adam

Pastel spring flowers and fern formed the setting in St. Francis' Church Tuesday at 10 a.m. for the wedding of Jean Doris Archibald and Paul Francis Adam.

The bride is the daughter of Mrs. M. Archibald and the late Mr. Archibald of Valley Centre, Sask. The bridegroom is the son of Mr. and Mrs. Y. Adam of Edmonton.

Rev. Father Columban performed the ceremony.

For her wedding the bride wore a traditional white satin gown fashioned with long tapered sleeves and a sweetheart neckline, outlined with gold-embroidered embroidery. Her full-length veil of illusion tulle was caught to her head with a pearl-encrusted tiara and she carried a white-gravel bouquet, gift of the bridegroom.

Her only jewelry was a single strand of pearls, gift of the bridegroom.

Margaret Archibald, sister of the bride, was bridesmaid and wore a pink net gown styled with a full skirt and a bustle. She carried a nosegay of carnations and lilies.

William Adam, brother of the bridegroom, was best man and wore a tuxedo. He carried a nosegay of carnations and lilies.

Following the ceremony a reception was held at the home of Mrs. P. A. Dow, where the bride's table was set with a lace cloth and centred by a three-tiered wedding cake.

Miss daffodils and tulips were placed throughout the rooms.

Mrs. Adam, mother of the bridegroom, was a gray afternoon dress with pink accessories and a corsage of pink carnations.

Father Columban proposed the toast to the bride.

Later Mr. and Mrs. Adam will leave on a honeymoon trip to Calgary and Vancouver by plane, the bride travelling in a cocoa brown gabardine suit with matching accessories, fringed white topcoat and a corsage of Talian roses.

They will make their home in Ft. Smith.

Consumers' Group Plans Elections

Canadian Association of Consumers has invited members, representatives of all women's groups and interested Edmonton women to hold elections to the executive committee of the group.

The meeting is to be held in the children's department of the Public Library Wednesday at 8 p.m.

The meeting is for the purpose of electing officers for the Edmonton branch of the Canadian Association of Consumers.

The group is interested in the House of Commons special committee on prices by Mrs. H. J. Marshall, national president of CAC will be available at the meeting.

Eligible in daily living which are causing women throughout Canada concern are contained in the brief.

Mrs. F. J. Conroy, Mrs. P. G. Burroughs and Mrs. Minnie Stinson will participate in a debate on matters of interest to the consumer.

Members of the group are invited to the meeting of the group.

Mrs. J. E. Carmichael, president of the group, introduced Mrs. Drury. Other head table guests were Mrs. Gordon Simulion, past president, Mrs. G. M. Cormie, executive, Mrs. W. G. Stuart, pianist, and Margery W. MacKenzie, president of the Edmonton Community Theatre.

MR. AND MRS. PATRICK J. DOHERTY, who were married recently in a quiet ceremony in St. Andrew's rectory. Bride is the former Peggy Carter of Port Arthur, daughter of the late Mr. and Mrs. R. Carter of Winnipeg. Bridegroom is the son of Mrs. R. Doherty and the late Mr. Doherty of Edmonton.

Peggy Carter Married In St. Andrew's Rectory

Peggy Carter became the bride of Patrick J. Doherty in a quiet ceremony at St. Andrew's rectory recently. The bride, who recently arrived from Port Arthur, is the daughter of the late Mr. and Mrs. R. Carter of Winnipeg. Bridegroom is the son of Mrs. R. Doherty and the late Mr. Doherty of Edmonton.

Rev. M. Murphy performed the ceremony.

Given in marriage by her brother.

R. Carter of Winnipeg, the bride wore a suit of old rose French tulle. Her accessories were navy blue and white and she wore a corsage of gardenias and white hydrangeas.

Kathleen Ahern of Winnipeg attended the bride, wearing a suit of old rose French tulle. Her accessories were navy blue and white and she wore a corsage of gardenias and white hydrangeas.

Father Murphy proposed the toast to the bride.

Bouquets of spring flowers and lilies flanked the tiered wedding cake.

Mr. and Mrs. Doherty will make their home in Edmonton.

Edythe Halstead

Edythe Halstead Becomes Bride

UNITY, Sask. April 27.—In a candlelight ceremony in St. John's Anglican Church, Edythe E. Halstead, daughter of Mr. and Mrs. T. H. Halstead of Unity, became the bride of William Peter Mayhew, son of Mr. and Mrs. J. Mayhew of Edmonton.

The Rev. T. Howard performed the ceremony and during the service the minister the choir sang "O Perfect Love."

Given in marriage by her father, the bride wore a four-length dress of white crepe fashioned with a straight skirt terminating in a train and bodice featuring a sweetheart neckline and ivory-pleated sleeves. She chose a white picture hat and carried a white bouquet with streamers and roses.

Jeanne Halstead attended her sister as bridesmaid. She wore a brown and white gingham dress with pink accessories and a corsage of Talian roses. Harold Mayhew, brother of the bridegroom, was best man.

At a reception at the home of the bride's parents following the ceremony, the bride's mother received with the wedding party. Mrs. Halstead wore a navy blue crepe dress with matching accessories.

Set in a low crown, the bride's wedding cake flanked by pink tapers and spring flowers centred the bride's table.

Later the couple left for a motor trip to Eastern Canada, the bride travelling in a black and white shepherd's check suit with blue accessories and green accessories in Mrs. and Mrs. Mayhew will reside in Trenton, Ont.

Alpine Club Holds Party

Harriet Inaker, chairman of the Edmonton section of the Alpine Club of Canada, presided at a recent dinner at the Corona hotel. About 100 guests, including eight members from Calgary, attended the affair.

Toasts to the Alpine Club and sister sections was proposed by Neville Lindsay, K.C. with Dr. A. D. MacPherson replying in his remarks. Dr. MacPherson referred to him with hospitality extended to him while overseas by the Alpine Club.

Congratulatory messages from the honorary president, Dr. J. Sampson and Sidney H. Vallance were read by Frank Hollingsworth. Solists during the evening were William Smith, while Don Campbell led a song.

Lumber Firm In New Office

Wholesalers and manufacturers of white spruce—Hale & Rose and Rose Company Limited offices—are situated in the new Thomson building.

The prominent city lumber firm which operates units at Athabasca, Medicine Lodge and Prince George, B.C., was formerly housed in the CPR building.

Like all other tenants in the new structure, fixtures and equipment is the latest design and interior decorating and lighting is ultra-modern.

The firm is owned and operated by two brothers, Clifford and Cecil Rose and Donald Mackay (late H. Rose, founder of the firm) sold the business to his sons and Don Mackay in September, 1946.

A main and four smaller offices comprise the space occupied by the firm which employs five girls and one man in addition to the three partners.

Clifford Rose is president of the firm. He and his wife Phyllis and two children, Gale six and Hale one, live at 13318 101 avenue.

Vice-president is Cecil Rose, who with his wife Florence and son William, three, live at 12500 103 street.

Donald Mackay is sales manager and secretary-treasurer. He and his wife Amy and two daughters, Patricia and Joan, live at 12500 103 street.

Gun Shop Located In New Building

A pioneer Edmonton firm—The Macdonald Gun Shop—is situated in the new Thomson building, their address being 10118 101 street.

Established in 1912 by Clive G. Macdonald, the firm's new location is but 60 yards from its original site at which operation. Presently situated on the first floor of the Thomson structure, its full-time place of business was at the present site of the Canadian Bank of Commerce.

The business conducted by Lorne and Gordon Macdonald, sons of the founder who died in 1941. The late Clive Macdonald operated his business at the rear of Uncle Ben's sporting goods store for a number of years and on his death, his sons carried on the business in the same location until taking over their new quarters.

Lorne Macdonald manages the business taking over as manager on the death of his father. He was with the RCMP during World War II. Ben and his wife Elizabeth live at 12110 105 avenue.

Clive five and June, three, live at 11227 128 street.

Employees of the firm are: Alice Grison, stenographer; Eileen Dick, invoice clerk; Evelyn Tighe, invoice clerk; Mrs. Isabel Calhoun, stenographer; Patricia Bakstra, stenographer and Bruce Collins, accountant.

Life's Ambition Is Now Achieved

An Ultra-Modern Clothing Store In Superb Surroundings

A pioneer Edmonton clothing merchant—W. A. Thomson—has achieved what he considers, "a lifetime ambition."

On Wednesday, April 25 he will officially open Edmonton's largest and most modern clothing store.

In his early twenties first opened a clothing store at the present site of the Capitol theatre. A year later in 1910 he moved his place of business several doors west to what would now be known as the east corner of the main branch of the Bank of Montreal.

In the fall of 1911, when the late James Hanney opened his department store on 101st street, Thomson moved his clothing store to the old Alberta Investment building, just south of the King Edward hotel.

Two years later, he and R. Bradburn built the Bradburn-Thomson building, where he opened his place of business. He continued to operate his clothing store at the spot for 24 years, valuing it to move into his present new and ultra-modern quarters.

A capable, friendly, but shrewd businessman, he boasts that he "built his business on a cash, one-price system" and claims to have maintained business dealings with customers regularly during his 39 years in business in the city.

"A good number of my first customers still patronize our store" he said.

The new W. A. Thomson clothing store, in addition to being the largest and most modern shop of its kind in the city, also carries the largest stock of tailored clothing and men's furnishings, said to exceed \$150,000.

Situated on the first floor of the new Thomson building, it is the last word in modern design.

SPACIOUS DISPLAY
Two spacious display windows flank the armored plate glass doors. The new window lighting system has been installed to give an added display effect for the after dark window shoppers.

All the latest fashions, glass shoe racks, clothes racks and an unique fluorescent lighting arrangement features the interior of the store.

baseball, attending all city games. He is a number one booster of Edmonton Flyers and believes they'll take the Allan Cup.

Another veteran sales clerk with the Thomson establishment is F. W. Lobb, 6916 115 avenue, who has been associated with the firm for 16 years.

Gordon McCrea, 10422 106 street, rounds out the sales force. He's been with the firm four years but previously was employed as a clothing salesman with a local department store for 10 years.

Mrs. Alice McKay, 861 84 avenue and Mrs. Alice Baker, 10628 106 street, handle the tailoring chores for the firm.

Barber Shop Is Up-To-Date

The most modern tonorial equipment and three up-to-date barber chairs, feature the premises of the Empire Barber Shop, situated at 10120 101 street, in the new Thomson building.

W. "Wally" Farrell, who has been barbering for 14 years, the last six of which were spent at Edmonton, is proprietor of the modern new shop. He operates one chair and Miss Alice McKay and "Tasty" Canette have charge of the other two chairs.

DOWNTOWN EDMONTON'S NEWEST BUSINESS CENTRE, the ultra modern Thomson Building, will be officially opened to the public Wednesday, April 28. Last word in modern streamlined design, construction and decoration, the new building houses no less than 12 business establishments, 10 of which are presently "open for business" in their new quarters.

Modern Downtown Business Centre

Pioneer Merchant Sees Dream Of Many Years Come True

Edmonton's newest and most modern downtown business centre—the Thomson Building—will be officially opened to the public on Wednesday, April 28.

The new \$200,000 structure, which houses 12 business firms, 10 of which are presently open for business, is "a 30-year-old dream come true" for a pioneer Edmonton businessman—W. A. Thomson.

A veteran city clothing merchant, Thomson, who opened his first store in 1909, desired to one day own the city's largest clothing store, housed in a building owned by him.

AMBITION ACHIEVED

It may have taken him 39 years to achieve his ambition, but he may well be proud of his accomplishment, for truly his store and building is the perfection of modern day construction.

Thomson has long ranked as having one of the largest clothing stores in the city but his new quarters puts him in a class by himself.

The building, which took a little better than 13 months to construct, was erected by the Bennett and White Construction Company under the supervision of E. D. McElride and Jack Ellison.

A thing of beauty, it has for ever written the poet Keats a century ago. And anyone venturing to inspect the new Thomson Building cannot help but be impressed with the ultra modern construction and design of the streamlined structure.

Work on the construction of the new building commenced in the early part of March 1947, with the demolition of the aged, frame building that formerly occupied the site.

Excavation started on March 12 and the first concrete was poured a short time later.

THREE FLOOR STRUCTURE

The new Thomson building is a three floor structure, it boasts of a reinforced concrete foundation and a structural steel frame.

Concrete over trussed steel joists is the foundation of the floors and the walls are a combination of brick and tile.

The attractive front of the building is graced with terrazzo stone and vitrolite. Modern neon signs, advertising names of firms, give an added attractiveness to the face of the structure.

The superb interior decorating endows the building with an atmosphere signifying today's latest decorative color schemes and structural accomplishments.

Another feature of the building is the modern concealed radiation, also the thermostatically controlled hot and cold air pressure heating system, which not only assures ample heat in winter but the suction fans can be used for air conditioning in summer.

The ceilings of the building are embedded with acoustical tile throughout. And several offices are equipped with the General Electric germicidal lamps, which are alleged to cut down man hours lost by colds, etc., by disinfecting the air.

The flooring varies throughout. Some offices have the ultra modern cork flooring, others have linoleum and several have terrazzo tile flooring.

In short, the new building embraces the latest in everything. The

New Building Contains Office Suites and Sings

Four suites of offices and two single offices comprise the office space of the new Thomson building.

The suites are occupied by the firms of Sterling Finance, Hales H. Ross and Sons Co. Ltd., Patriquin, Duncan, McClary and King, Chartered Accountants and E. C. Tregale, optometrist.

One of the single offices is occupied by Canada Steamship Lines and Northern Navigation Division, managed by George Crossley.

Automatic Electric (Canada Limited) are occupants of the other single office.

Decorations Attractive

One of the outstanding features of the new Thomson building is the attractive decoration which prevails throughout.

Jack Lane, former New York interior decorator, presently living in Edmonton, is said to have applied the modern touch that makes the design so effective.

Color psychology, recently won on record as saying that color combinations in homes, offices or buildings, effects one's way of living.

Lane's creative interior decoration throughout the new building simply sparkles with cheerfulness.

Three colors of green, adequately blended to get the most out of the lighting effect, predominate. Soft pastel shades of green blended with cream and buff greens are so blended that it's practically impossible to cast a shadow. Throughout, the building takes on a mid-day light hue.

Flat tone warm beige and a semi-

lighting fixtures and modern cork

floor.

Besides being a choice location in the new structure, the offices are the last word in modern design, office furniture and fixtures.

Pastel shades of three different hues of green and a warm cream-toned beige the decorative design is blended not to clash with the furniture and fixtures but to create an effect of gaiety and comfort.

Another feature is the germicidal lamps which disinfect the air, reducing man hours by colds, etc.

Too, this office is the only one with the ultra-modern holophane

lighting fixture.

General director is Ken G. Montgomery, 1027 134 street, well-known city sportsman. Staff consists of Arthur R. Brinkman, Fred Asar, accountant, Thelma Todd, secretary-stenographer, Elizabeth Har-

low, stenographer, and Don McCordie clerk.

The business which was established in 1927 is owned and operated by Edmonton businessmen.

First in taking over these new quarters, the firm operated at the

Thomson building.

lustre ivory white artistically used, the best lighted and decorated to add gaiety and brightness to the structures of its kind in the city building are the other colors and it would appear that Lane went played by Lane in his simple but all out to get the most out of color modern decorative design, which "psychologist" theory in making things comfortable for those who

The Thomson building is one of the frequent the building.

Change in Voting System Advocated

Right to Cast Ballot For Those Over 18 Suggested

By George Kitchen

OTTAWA, April 27.—(CP)—The Commons yesterday heard a suggestion the single transferable vote be adopted in Canada's electoral system to ensure majority representation in parliament.

The proposal was advanced by Arthur Bess (PC, Seattle) and quickly won support from other Progressive Conservative and Social Credit speakers.

Coupled with it was a suggestion that persons 18 be allowed to vote in federal elections. At present, only those of 21 or over can vote federally, although in some provincial elections the limit is lower.

The proposals were made during study of a bill making a number of changes in the Dominion Elections Act. The bill was approved in principle and now will undergo detailed study before the Dominion Elections Committee.

HOW IT WORKS

Under the single transferable vote system, the voter indicates his preference of the candidates listed. He gives his first choice, his second choice, his third and so on until he has covered all the candidates. The ballot then are counted a number of times on the basis of these preferences, with the last candidate being dropped each time. This is repeated until a candidate has more than 50 per cent of the vote.

The opposition speakers said that under the present voting system, under which the voter marks his ballot for only one candidate, there is a danger of a minority government coming to power. Some 150 of the present members of the Commons were elected in the 1945 general elections on less than 50 per cent of the vote in their ridings.

Mr. Ross warned that the present voting system might lead to "an extreme type" of government taking office in some future election with only a minority of support from the people.

He drew support from A. L. Smith (PC—Calgary West) and Robert Fair (SC—Battle River).

ALBERTA USES SYSTEM

Mr. Smith said there had been no complaint about the system in Alberta, where it has been in operation for years.

Roder Adamson (PC—Yukon West) and Angus MacNeil (CFCV—Vancouver East) joined, however, in opposing the suggestion.

Mr. Adamson said he believed such a change would make the electoral system "unduly complicated and confusing" while Mr. MacNeil said he did not think the transferable vote would prevent a minority government from coming to office.

Mr. MacNeil said a change in the voting system might save the Liberals and the Progressive Conservatives for a few years. Eventually, like the Liberals and Conservatives in British Columbia, they would have to form a coalition to keep out the CCF.

John R. MacNeil (PC—Toronto Yorkville) and Hon. George Black (PC—Yukon) protested against the linking of the Mackenzie district to the Yukon riding in last year's re-shaping of parliamentary seats. The people in the area opposed the move.

Meanwhile, a return tabled in the commons said seven petitions

UFA SEEKS DELAY IN FREIGHT HEARING

CALGARY, April 27.—(CP)—The United Farmers of Alberta executive last night urged Transport Minister Chevrier asking him to delay the opening of the new freight rate hearing for at least one month to give the public a better chance to prepare its case.

The Transport Board has been ordered to open a new investigation into the rate structure May 25. At the same time the UFA directors appointed a committee to meet with boards of trade and other Alberta organizations to discuss the rate question.

Directors also protested reports that the Red Bobs strain of wheat will be graded down to No. 3 Northern instead of the present No. 1 for which it is eligible.

CARNIVAL

By Dick Turner

"If I'd known you were so nice, I'd never have let you eat that hamburger!"

Maltese Laborers Coming To Canada

CALGARY, April 27.—(CP)—A group of 500 Maltese laborers will be brought to Canada in June or July as part of the government's policy of bringing in European labor.

After a few more questions he admitted he had never been divorced from his first wife Dorothy, also of Detroit. He was jailed on a bigamy charge.

Italians, Yugoslavs Fatal Border Clash

By Frank Brutto

ROME, April 27.—(AP)—An Italian soldier and a Yugoslav officer were killed last night in a border patrol fight near Trieste. And amid rising tension, British and American authorities tightened precautions today against any Communist infiltration of their zone of the Free Territory for May Day demonstrations.

The Italian defense ministry said the clash occurred in a narrow strip of territory which Yugoslav forces seized "in one of their many salient" out of their lines.

Three other Italian soldiers were wounded in the brief skirmish, one critically. The clash occurred near the village of Rauna di Lurico just northwest of the Free territory.

The defense ministry said the Yugoslav force refused to return the body of the dead Italian soldier. Its commander said the Yugoslav force had refused to leave his headquarters to talk to an Italian general who went to the scene. It added that an Italian military commission already has begun to investigate the incident.

The ministry said the clash occurred in a short strip of territory 300 yards deep, west of the line laid out by an Allied commission. It said the Yugoslavs arbitrarily took

over the strip, just west of Drenica and north of Mafice. An Italian patrol was fired on without warning by "some Yugoslav elements posted in a wood in a dominant position," the commission said. The patrol returned the fire and there is reason to believe that one Yugoslav was killed, it said.

The Story Of Canada Dry

SINCE MONDAY, DEC. 14 LAST YEAR, THE EMPLOYEES OF CANADA DRY GINGER ALE HAVE BEEN ON STRIKE IN THE REGION

Four years ago an Agreement was signed between this Company and Soft Drink Workers Local 360, which established base wage rates of \$1.00 an hour for women and \$1.25 an hour for men.

Since then the cost of living has risen tremendously and every effort to secure wage increases to compensate for this increase have been turned down by the Company—one proposal a year ago offered the employees \$1.00 an hour if they would work 4 hours more per week. (They have a 44-hour week.)

Negotiations were commenced early last summer for a new Agreement. Efforts failed and the Union made an application for a Conciliation Commission. The Conciliation Commission also failed to settle their dispute and a Board of Arbitration was established.

The Arbitration Board unanimously awarded the employees an increase of 10¢ an hour. This was accepted by the Employees but the Company absolutely ignored the decision and refused to make the increase.

The only thing left to do was take a Government-supervised strike vote. This was done, and of 50 Employees involved, 45 cast their ballots, 41 voted in favor of strike action and 4 were against.

As soon as the Employees went on strike, the Company advertised in the Edmonton papers for help. Posters were also placed on the University Campus asking the students to do part-time work.
